4h

14 km

D+ 220 m

This path goes back and forth between Moustiers and the bridge of Galetas, following the side of the Lake of Sainte-Croix !

1 km down **chemin de Quinson**, join the GR®4 portion going towards the lake of Sainte-Croix.

Pass "Peyrengues" and cross the Domaine du Petit Lac campsite to reach « Ferme de Saint-Saturnin » and the **banks of the lake**, where swimming will be possible. You have been walking for approximately 5 km at this point.

If you want to reach **the Galetas bridge** and enjoy a great panorama of the end of the Canyon, follow the signs for about 2 km.

To come **back to Moustiers**, take the same way back. You've done 7km one way, it will be the same the other way.
